

DIGITAL SHIP MANAGER

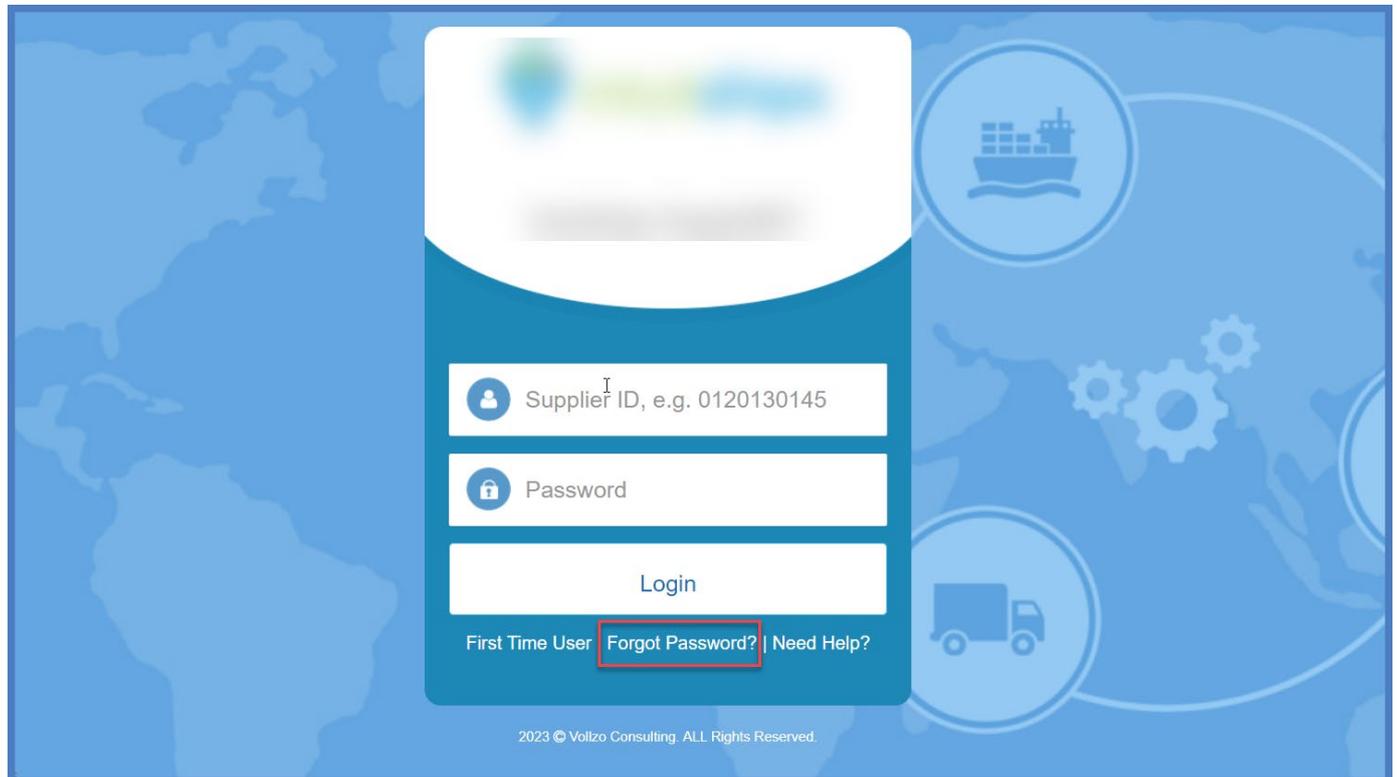

User Guide

SupplyNET Password Reset Process

Step-1:

Click Forgot Password.

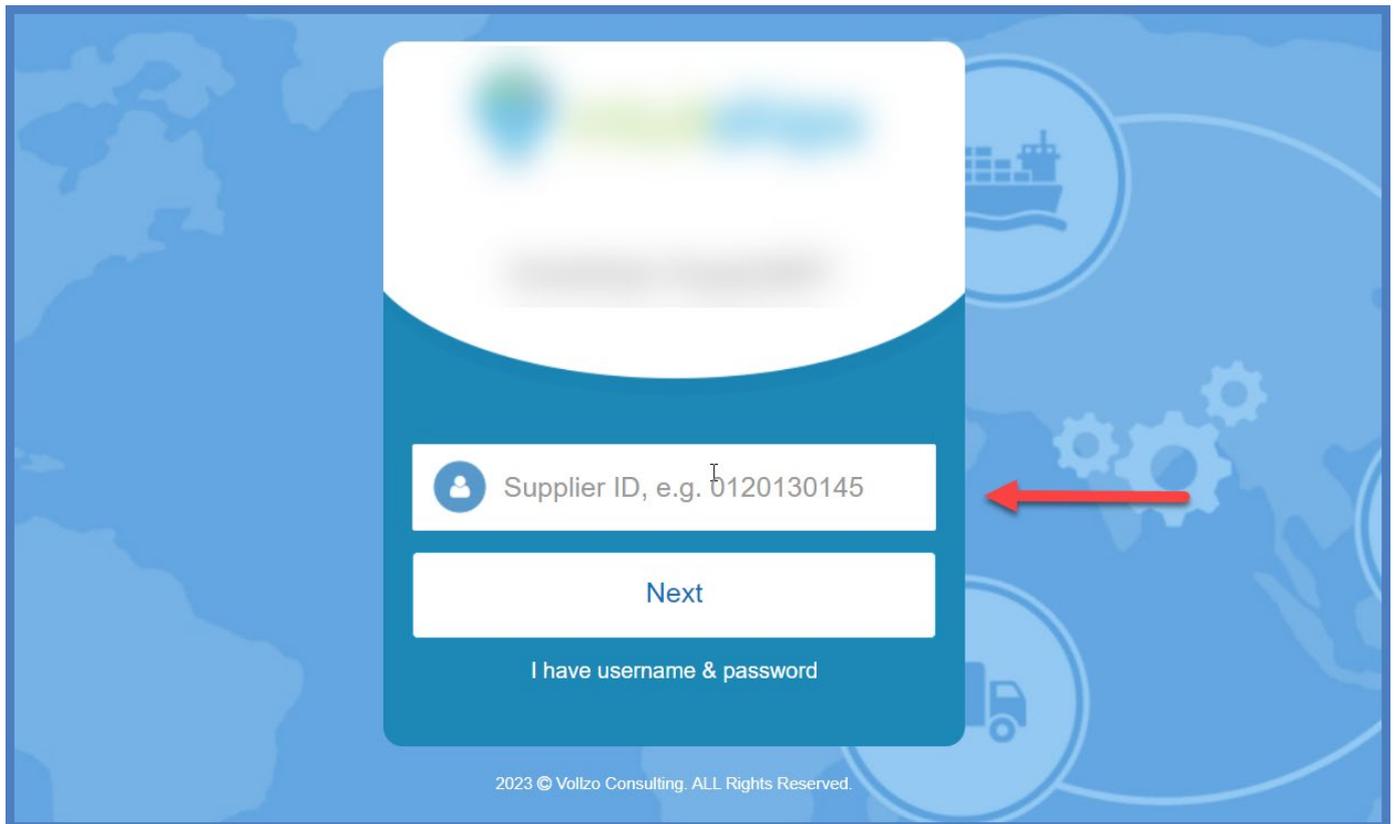

The image shows a login interface with a blue background featuring a world map and icons for a ship, gears, and a truck. The login form is centered and contains the following elements:

- A blurred logo at the top.
- A text input field with a person icon and the placeholder text "Supplier ID, e.g. 0120130145".
- A text input field with a lock icon and the placeholder text "Password".
- A "Login" button.
- A row of links: "First Time User", "Forgot Password?" (highlighted with a red box), and "Need Help?".

At the bottom of the page, there is a copyright notice: "2023 © Volizo Consulting. ALL Rights Reserved."

Step-2:

Enter your Username/Supplier ID in the designated place and click Next.

The screenshot shows a login interface with a blurred header. Below the header is a white input field containing the text "Supplier ID, e.g. 0120130145". A red arrow points to this field from the right. Below the input field is a white button labeled "Next". At the bottom of the form is a link that says "I have username & password". The background features a blue world map and icons for a ship, gears, and a truck.

Step-3:

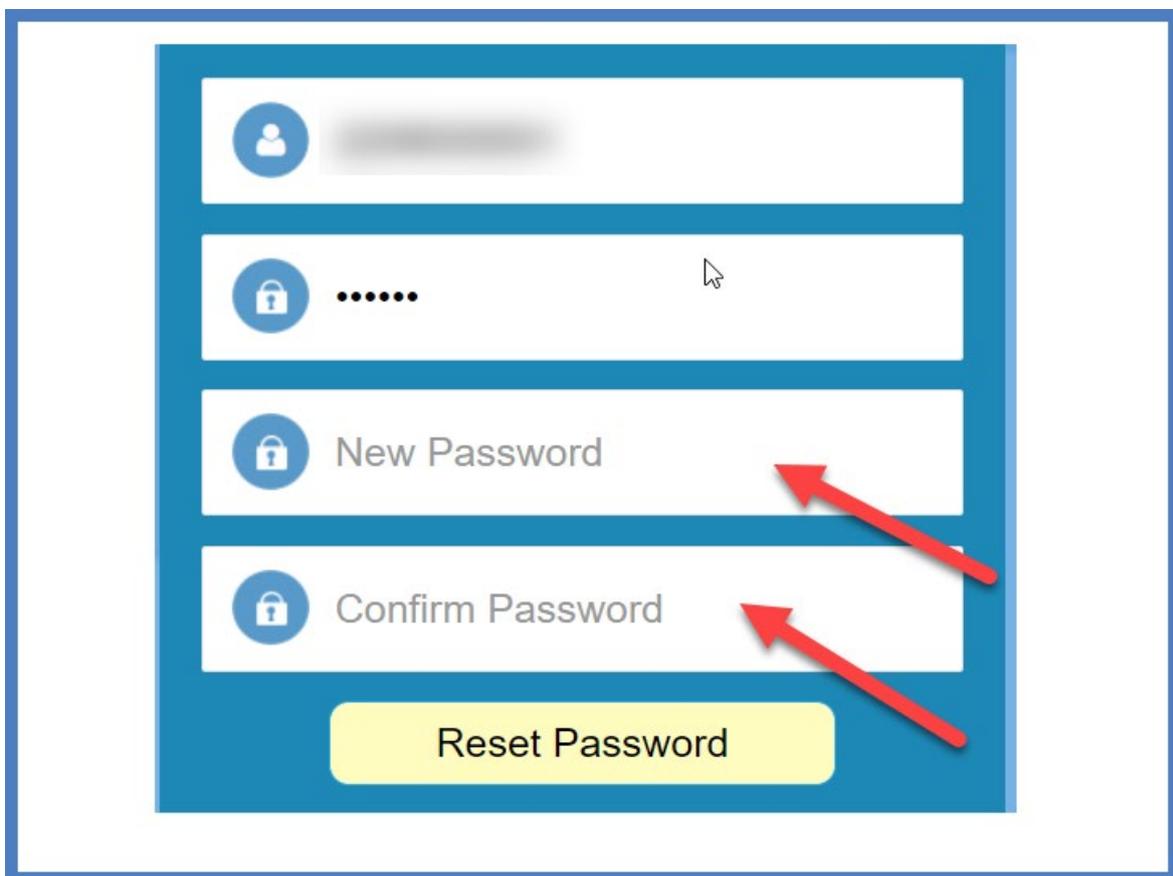

Enter the One Time Passcode (OTP) which is sent to the registered email address and click Submit.

The screenshot shows a password reset interface with a blue background. It features two input fields: the top one is blurred and has a user icon, while the bottom one is labeled "Enter 6 digit code" with a lock icon. A yellow "Submit" button is positioned below the second field. A red arrow points to the "Enter 6 digit code" field. At the bottom, there is a yellow information icon followed by the text "Password reset code has sent to your registered email address(s). Please enter in the text box." and a link "I have username & password" with an information icon.

Step-4:

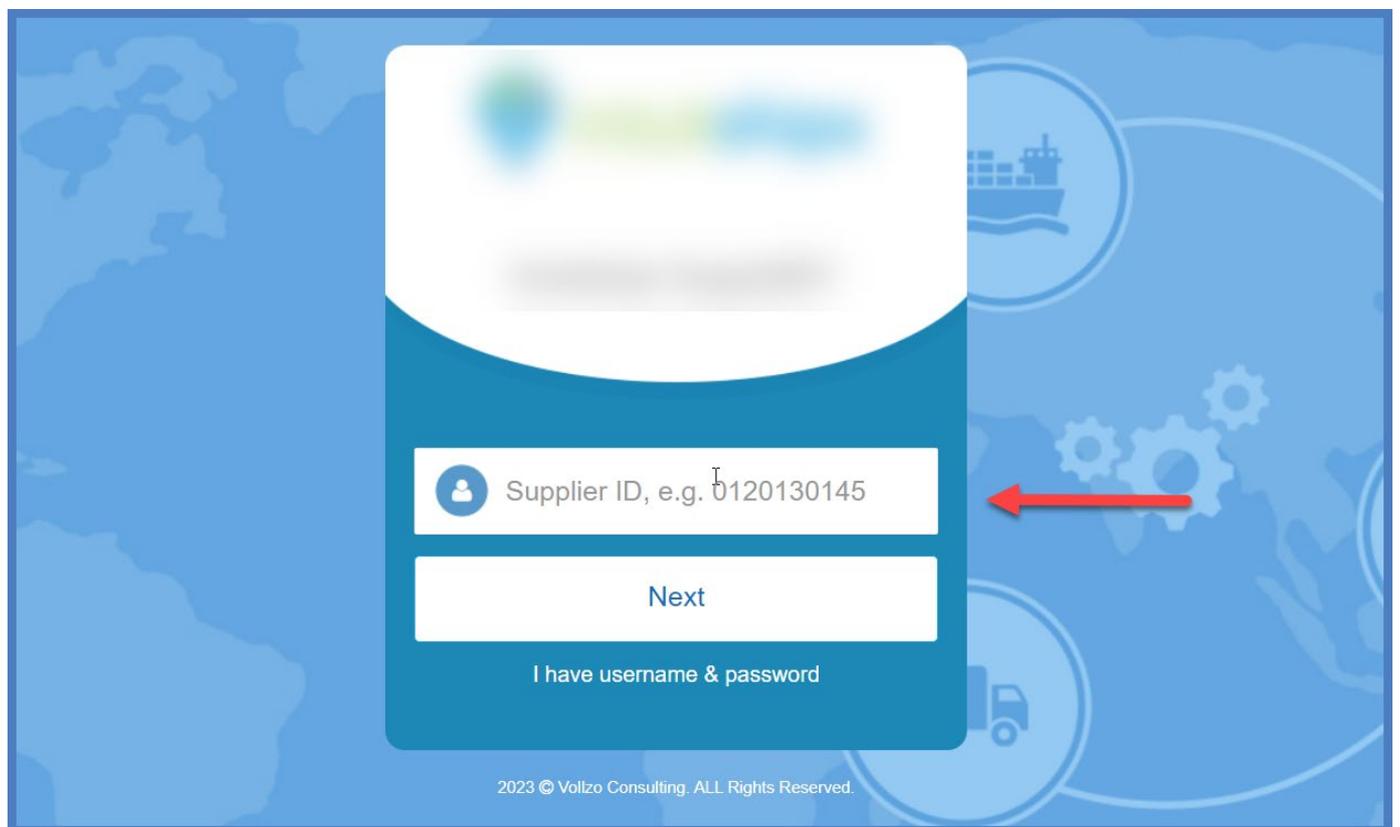

Set new password as below and click Reset Password.

The image shows a password reset form with a blue border. It contains four input fields, each with a lock icon on the left. The first field is blurred. The second field contains six dots and a mouse cursor. The third field is labeled 'New Password' and the fourth is labeled 'Confirm Password'. Two red arrows point to the right side of the 'New Password' and 'Confirm Password' fields. Below the fields is a yellow button labeled 'Reset Password'.

Step-5:

Password will be reset. Login screen will be displayed. You can enter Supplier ID and newly set password to login.

The screenshot shows a login interface on a blue background with a world map and icons of a ship and gears. The interface includes a blurred header, a text input field for the Supplier ID, a 'Next' button, and a link for users with existing credentials. A red arrow points to the Supplier ID input field.
